V. Club Logo:

- IUPUI has given us permission to use Jinx as our logo for flyers and t-shirts.
- They are going to try to get us a high-resolution picture to use in our design.
- May want to consider something other than Jinx with less color for t-shirts because of color costs on t-shirts.

VI. This week, the president and vice president of both AMSA and Premed Club plan to meet – likely on Friday February 9th.

- Going to compare events and activities to avoid “stepping on each others’ toes.”
